

## **WELCOME!**

Welcome to Hour Nevada County! We look forward to you becoming an active member in our community of neighbors helping neighbors. In this guide you will find information on how to get started and tips on how to have the most rewarding experience. If you have questions about your membership or our program, you should email [HourNevadaCounty@gmail.com](mailto:HourNevadaCounty@gmail.com) or refer to our website calendar for details about our orientations and office hours.

## **GETTING STARTED**

After you have completed your Orientation you can access your online account by going to [HourNevadaCounty.org](http://HourNevadaCounty.org) and clicking on "Member Login" in the upper left corner of the screen. Enter the email address you used in your online application and your password. If you have forgotten your password, just click on "Forgotten your password?" and a new password will be emailed to you. You can then reset your password to whatever you like on the "My Account" page after you have logged into your account. Be sure to click on the "Member Help Guide" link on the Member Login page for information on how to get started adding services you wish to provide and searching for services you wish to receive.

## **HELP**

If you have any questions about getting started making your first exchange, you can contact one of our New Member Mentors who will help guide you through the process. If you do not have access to a computer and will need continuous help making exchanges you can sign up for an E-buddy to assist you. New Member Mentors and E-buddies are Hour Nevada County (also known as HNC) members who earn hours helping other members. After you become familiar with how HNC works, we would love if you signed up to be a Member Leader. You can do this by clicking on the "Member Leadership" link on the HNC website. You can contact a New Member Mentor or E-buddy by logging into your account and checking the News page or by emailing [HourNevadaCounty@gmail.com](mailto:HourNevadaCounty@gmail.com) . You can also ask questions to the general membership by posting a message in the News area.

## **WHAT IS A SERVICE EXCHANGE?**

Hour Nevada County is a community service exchange of neighbors helping neighbors where everyone's time is equal, no matter what service is being provided. The IRS has issued multiple local rulings that time based service exchanges are tax-exempt (unlike barter which counts as taxable income). They have given three reasons for this status:

1. An hour is always an hour. Everyone's time is equal regardless of what service is provided.
2. The hours you earn are backed only by a moral obligation and are not legally binding. We do not guarantee that you will be able to spend the hours you have earned getting the service you want. We are a network of neighbors helping each other based on trust; we believe we can all get what we need if we share what we have, our time and our talents. There are hundreds of services available and the exchange is constantly growing and changing as new members join. The more people who actively participate, the stronger the exchange becomes and the more likely you will get the service you need, so invite your friends and neighbors and the people you do business with to join. If you can't find the service you need, go out and recruit someone to join who has the talent you are looking for, you can earn hours doing so.
3. Their purpose is charitable. Neighbors helping each other enhances individual's lives and builds stronger communities.

As a member of HNC you are agreeing to participate at your own risk and hold HNC harmless. HNC does not guarantee or warrant the fitness, safety, or quality of work for any of its members. As a member of HNC you assume the risk of injury, harm, or damage in connection with providing or receiving service through HNC. As a member of HNC you are agreeing to hold HNC harmless from any and all liability, actions, claims, and damages of any kind, including those caused by or arising from negligence, for injury to person or property.

## **WHAT IS HOUR NEVADA COUNTY?**

The first time bank was started by a group of women in Saint Louis at Grace Hill Settlement. They coined the four original core values. Dr. Edgar Cahn added the fifth (Respect), and has been a spokesperson for time banking. He coined the phrases Timebank and Time Dollar.

## OUR CORE VALUES

The first time bank was started by a group of women in Saint Louis at Grace Hill Settlement. They coined the four original core values. Dr. Edgar Cahn added the fifth (Respect), and has been a spokesperson for time banking. He coined the phrases Timebank and Time Dollar.

**Equality:** At the heart of every time exchange is equality. An hour is an hour, regardless of the service. Our time is priceless. When it comes down to it, time is all we have. We believe all people are created equal,

and so is our time. Everyone has value, everyone's time is equal, and everyone has something to offer.

**Redefining Work:** Work is beyond price. Work must be redefined to include all of the activities it takes to sustain families, neighborhoods and communities, to help democracy work and to advance social justice. This kind of work needs to be honored. The real economy is people. We value the work it takes to make healthy children, a healthy community, and a sustainable future. Work should be redefined as something joyful, and we should spend as much time as we can doing what we love. Many of the services members provide are things they would like to spend their time doing more of. Hour Exchange frees up time for you, giving you more time to do the things you enjoy. For example, giving a neighbor a ride to the grocery store doesn't need to take up anymore time than you normally would spend and you can use the hours you earn getting someone to help you with something you don't enjoy doing, don't know how to do, or can't do yourself. We all know chores go quicker with a helping hand, and working together can feel like play.

**Assets:** We are all assets. Every human being has something of value to contribute. Even members who are homebound have even earned hours by offering the service of prayer or telling funny stories. We recognize that the world takes all kinds of people, and all kinds of knowledge. Many people have talents that they do not even realize, skills they may take for granted that someone else may wish to utilize. We empower people to grow their abilities and learn new skills, to stop limiting ourselves by thinking of what we can't, and to imagine the possibilities of what we can accomplish together.

**Reciprocity:** Helping works better as a two way street. The question, "How can I help you?" needs to be changed to, "How can we help each other build the world we both want to live in?" It is a gift to have the ability to help someone, and we should not rob others of that gift by saying there is nothing that anyone can do for me. There is no shame in asking for help, for when we come together with like purpose, the sum becomes greater than the whole. We are all stronger together, as Aesop said: united we stand, divided we fall.

**Respect:** Everyone matters. We must respect where people are in the moment, not where we hope they will be at some future point. Through

reciprocity we respect ourselves and each other. No one is above another and no one is a burden, we are all givers and receivers, teachers and students.

## **COURTESY AND SAFTEY**

We ask that everyone be mindful of our core values and treat each other with respect, be courteous and be safe. We ask that you keep your account updated, make sure your contact info is accurate and that you are able and willing to provide the services you have listed that you would like to provide. If for some reason you are too busy or incapable of offering a service, please remove it from your profile, you can always add it back later. If you are going on a long trip or won't be participating for a period of time, please contact a coordinator at and [HourNevadaCounty@gmail.com](mailto:HourNevadaCounty@gmail.com) we can make your account temporarily inactive so other members won't try to contact you while you are gone. You can also add in your service descriptions information about when your service is available. Your account can be made active again at any time and you will keep any hours you have earned.

It can be frustrating to contact members who say they provide a service and not hear back. So we ask every member to try their best to respond to a request within 48 hours, even if it is just to let them know you are unable to provide that service at this time. If you have attempted to contact someone twice and they have not responded within a week, please contact an coordinator and let them know, they will attempt to contact that member and make them inactive if need be. When you search providers of a service you can see the members who have logged in most recently and made an exchange most recently (they will be at the top of the list), you may wish to contact them first about making an exchange as they have recently been active and may be most likely to respond to your request.

Hour Nevada County is not an emergency service, it is best to contact members a week or more in advance of when you wish to provide or receive a service. Please phone people within reasonable hours (Ex. do not call members after 9pm or before 8am unless they have expressly given you permission to do so). You may wish to enter in the service description the best times to contact you, or when you are available to provide a service. Please be on time to all appointments, if you cannot make an appointment please give at least a 24 hour cancellation notice.

We ask that you only offer services that you are able to provide and be clear in your service description what it is you are offering and what you have for experience. If you are licensed professional you may wish to include your license number. HNC does not verify or guarantee or take legal responsibility that anyone is able to perform the service

that they offer, it is up to members to verify, ask for and check references. Do not invite anyone into your home, your vehicle, or around your children nor enter anyone else's home or vehicle whom you do not feel completely comfortable with (it is your responsibility to verify someone's license and insurance or decide if you are comfortable with the provider's ability to provide a service that does not require a license).

You may wish to ask other members for recommendations on who they have received services from and how their experience was. You may endorse other members using our online software (see the Member Guide). Potlucks and other HNC events are a great way to meet and get to know members in a safe environment. If you do not feel comfortable with a person or situation, then simply let the person know you are not interested in making an exchange with them at this time. Please contact a coordinator with any concerns you may have. Please do not solicit other members for personal financial gain or promote your political, religious, or other personal beliefs.

Individuals under the age of 18 may only be involved in exchanges with consent of the parent or legal guardian and with adult supervision. It is the parent/guardian's responsibility to be present or have an agreement with another adult to serve as supervisor for an exchange. Hour Nevada County adheres to federal and state guidelines governing minors. The software supports a "Guardian Angel" function that allows a parent or guardian follow the posts and communications initiated by those under their care.

If you observe anything that could be interpreted as illegal, please notify the police immediately and then notify a coordinator when you can. If there is an accident, please notify the appropriate authorities (police, fire, ambulance, etc.) and then notify a coordinator when you can. Always remember safety first and to err on the side of caution. No HNC member may possess, distribute, sell, or be under the influence of alcohol or illegal drugs during exchanges. The legal use of prescription drugs is permitted during service only if doing so does not impair the members' ability to provide or receive services safely and effectively. Inappropriate conduct may result in your account being made inactive and forfeiture of all hours earned. Elements of good will, good faith, cooperation, sharing, luck and timing affect all exchanges. Respect of another's best efforts and a "doing your best" attitude are a part of what makes exchanges work.

## **HAPPY EXCHANGING!**

The most important key to a happy exchange is communication. Both parties should communicate their expectations clearly before the exchange. An hour is an hour, regardless of the service being provided. You can exchange hours for time spent in the service of making, repairing, maintaining, cleaning, or shopping for an item that you give to someone (ex. knitting a scarf). You can exchange time in increments of a quarter hour. If a member is traveling a far distance, they may ask to earn hours for travel time. If it takes time to prep or clean up after providing a service, a member may ask to earn hours for this time. These things should be worked out in advance before the exchange is made. If a job takes special tools, it is usually the responsibility of the receiver of the service to provide them. If the provider incurs direct expenses (ex. gas for a lawn mower), they may wish to be reimbursed for them, this should be worked out in advance and HNC takes no responsibility for money exchanging hands. Member should discuss what may be needed to complete the task and agree how the necessary materials and equipment will be obtained. If you communicate clearly before you make an exchange, you are most likely to have a positive experience. If you are unsatisfied with an exchange please notify a coordinator at [HourNevadaCounty@gmail.com](mailto:HourNevadaCounty@gmail.com), they may be able to help you mediate a conflict.

You may wish to ask for an estimate of how many hours a job may take to make sure you have enough hours already earned. You are allowed to go in debt with a negative balance of hours; however we recommend that you do not go more than 10 hours in debt before you start earning hours back. There are times in our lives when we need help and for medical or other reasons are unable to offer a service, if this is the case, please contact a coordinator. We want people to be able to get what they need when the need it the most. Members can donate hours they earned to HNC's social capital fund which can then be used to help support those members of the community most in need and in times of crises. If you do not make an attempt to contact a coordinator or earn back hours your account may be made inactive. There are plenty of ways to earn hours as a Member Leader so sign up for a Member Leadership Team if you have not already done so.

Every year we ask for a donation of time or money from our members to help support the exchange and keep it vibrant and growing. On the anniversary of when you join your account will be debited 2 hours that you can earn back helping the exchange as a Member Leader or providing a service to any member in the exchange. We also ask for a donation of \$25, we understand that many of our members are low income and you can sign up for a payment plan that suits your needs, even just \$2 a month is a big help. We ask that you be an active participant and make at least 6 exchanges a year. If you

are not active for 6 months or more, your account may be made inactive. You can always contact a coordinator to make your account active again and the hours you earned will still be there, they never expire.

## **REWARDS**

Members have spent the hours they earned getting health care, home weatherization, tickets to shows, tutors and taking classes, meeting people with like interests, growing their network of friends, learning new skills or developing an existing talent into a profitable revenue source like our artist collective that runs our Time Gallery. People have utilized HNC to create their own community building programs (like recycling, garden swaps, and computers for kids) and you can too! Working together there is no limit to what we can do. Hour Exchange helps turn neighbors into friends and a city into a community with a support network of people who care for and look out for each other. Entrepreneurs have utilized HNC to get services to help grow and promote their small businesses, develop a devoted client base that may become paying customers, and get great references and referrals. Organizations have used it to utilize their volunteer base more effectively, having members provide services to the larger community and donating hours back that the organization can spend getting services that their normal volunteers cannot provide, be it legal advice, accounting, or others. Please tell us if you know a business or individual that may like to sponsor HNC and show that they support building community too.

## **DISPUTE PROCESS**

Step 1. Initiate concerns to member you exchanged services with

Step 2. Items to discuss/consider in handling a dispute should include the following:

- a) What was the content of the original exchange negotiation around the service and expectations around the time exchange involved? Where the expectations met? Why or why not? Both parties should communicate clearly before the exchange what their expectations for the service include. Exchange discussions should include hours to complete service, transportation and commuting needs (cash for gas or credits for gas, credits for commute time), what may be needed to complete the task and agree how the necessary materials and equipment will be obtained. Any changes to this original agreement must be communicated and may be a vital component in the dispute process.
- b) Did you and the other member communicate your needs, wants, and preferences related to the exchange and the exchange environment? For example,

smokers versus nonsmokers, no perfumes, exposure to animals, challenges/barriers within exchange, condition of car being used to transport, etc.

c) Did you discuss who will provide those materials, the cost of materials, the use of equipment not provided by person requesting service, use of equipment and hours related to equipment use? Sometimes, members want their travel time to be included in the service exchange. Sometimes, materials will be needed for an exchange such as cooking or yard work.

d) Prior to the exchange, did you get references or endorsements from other members? Did you take standard safety precautions related to working with an unknown person? Did the member accurately represent their skills, services and abilities and perform them in a safe manner? If a license is required (electrician, plumber, doctor) did you ask to see their license? You can also search licenses on the state's website at

<https://www2.cslb.ca.gov/OnlineServices/CheckLicenseII/checklicense.aspx>

e) Was the exchange based on services or items? Sometimes, members choose to exchange items for hours. In this case, it is up to the members to negotiate upon the number of hours an item is worth. If it is a handmade item, generally it is the time it took to make the item. If it is a previously owned or pre-purchased item the cash value and depreciation is not part of the negotiation. These exchanges are based on person-to-person negotiations and values are based on the importance assigned to them between those two members.

f) Is the dispute based on the exchange or service itself, or is there a secondary concern? Was the member on time? Was there a personality conflict?

g) Was the member under the influence of drugs/alcohol or present as impaired in a way that was a safety concern? If safety and efficacy are a concern this may be grounds for termination of membership.

h) Is there a question around the member's code of conduct? Was it malicious or unintended? This could impact how coordinators address the member. As an HNC member, you have the right not to be discriminated against on the basis of age, gender, race, ethnicity, religion, sexual orientation, or disability. Remember, members can be dismissed for unacceptable conduct. Any serious concerns should be brought to the attention of the administrative staff.

i) Disputes are handled on an individual basis. Administration takes into consideration the following areas:

- Length of membership
- History of exchanges
- Previous disputes (if any are of record)
- Seriousness/severity of complaint
- Other concerns (determined by the situation)

j) The administrative staff and Board members work to preserve individual member's right while also considering the impact on the general membership. The Hour Nevada County is a service exchange organization whose members do the best they can with the skills that they have. File a formal dispute to be addressed by the administrative staff from the email notification you receive when the service is recorded. Look for the "Initiate a Dispute" link at the bottom of the email.

*We hope that this Member Handbook will provide you with the information to get you going! Welcome to Hour Nevada County.*
